Reality star Khloé Kardashian turns 28 today, and the birthday wishes are in full swing.

Nicki Minaj took to [Twitter](#) to wish Mrs. Kardashian-Odom a happy birthday, writing, "happy birthday sexy face!!!!!"

Minaj isn't the only superstar sending out well wishes – big sis Kim posted a sweet message to her baby sister on her [blog](#). "Happy birthday Khloball!!! I love you more than you know," Kim K. wrote. "I am so proud of the woman and wife you have become."

Last year was a tough year for Khloé, whose husband Lamar Odom was traded from the Los Angeles Lakers to the Dallas Mavericks. The trade caused Khloé to have to leave her family in Los Angeles to be by her husband's side.

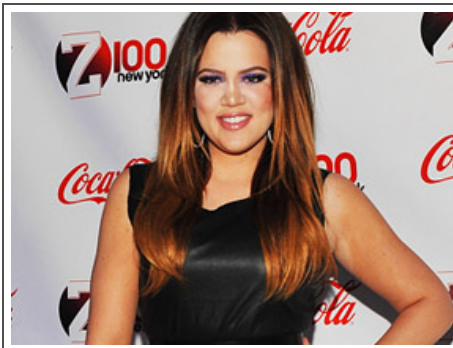

The couple's reality show, "Khloé & Lamar," also went on hiatus early this year so Lamar could focus on family and basketball, she [told "Entertainment Tonight"](#) back in April.

Khloé's year did have many highs as well, including a \$40 million deal for the family to star on three more seasons of "Keeping Up With the Kardashians" and the news that a new L.A. DASH boutique will open soon. Khloé and her famous siblings were also busy launching a clothing line, "Kardashian Kollection," at Sear's last year.

It's no secret that Khloé wants a family. She has previously stated she and Lamar have been trying for a baby. With no such luck, maybe this year will be her lucky year. Wonder what LamLam will get his wife for her special day.

Wish Khloé a happy birthday in the comments box below!
